You'll want more than one of these - and the special price makes a choice of several easily possible. The small, neat, all-over patterns

are decidedly English and are set against backgrounds of interesting colors. Many of the shades are being introduced for the first time: Ming green, nugget brown, Wales blue. All of these neckties have been expertly tailored from careful copies of English silk squares. Both the silk and the patterns are confined solely to us. Prices: one necktie, \$2.50-three for \$7. Our "Boulevard" shirts are values well

worth your attention-\$3.50 each. Mail orders will be filled promptly.

WELL OVER FORTY. FOR TWENTY-FIVE Auditorium Cold Cream has kept her skin like that of a girl.

That of a girl.

That complexion! Not a wrinkle—not a furrow! Just a soft, glowing, velvety skin that makes her look like a girl.

Fine lines and wrinkles vanish like magic, once the tonic oils in Auditorium are given a chance to build up tired and fagged tissues. In a remarkably short time your skin will have a soft, radiant firmness—a beauty that will surpass your fondest hopes.

A full pound, \$1.00 size, can of Auditorium Cold Cream sells for 89c at all

Marines to Get Out.

Lifts Natives to Higher Plane.

Haiti presents a spectacle of Christian necessor in quantity production, in lifting up the lowly to a higher plane of civilization. The United States is doing on a grand scale what most progressive Christian missionairies are doing with limited means in many backward countries. The opportunity of Christian services to a benighted people is said to have been the consideration which primarily actuated William Jennings Bryan, when he was secretary of state, to take steps that led to American intervention in Haiti in 1915.

For thirteen years United States marknes have occupied this little country, not much larger than the state of Vermor t, with one of the densest populations in the world, concentrated in the plains and almost inaccessible mountain valleys of the western third of the island of Santo Domingo.

The marines have restored and western there of the marines have restored and western there of the marines have restored and western there occupation is lilegal.

The validity of the occupation also cocupation also that the ground that t

of Santo Domingo.

ibbean region and in salvation to a backward people.

After surveying what the United States has done and is doing to rescue 2,500,000 black folk from two centuries of tyranny and exploitation and make their lives worth living, I am moved to observe that, if this be American imperialism, make the most of it.

What one sees in Haiti is the operation of a policy conceived in self interest, but with a byproduct of that American altruism and self-sacrifice to which almost all the nations of the sivilized world are indebted for benefits of one kind or another.

Is as lawful as sale of any other drugs containing a like amount of alcohol, if it is conceded that the extract can be meed as a medicinal tonic.

High hopes are now entertained be the agitators that Senator King and his allies will be able to force the with drawal of the occupation before 1936. The last thing the malcontents desir in 1925, was given a ten year extension by a protocol which was not submitted to the senate for ratification. It is chiefly upon that circumstance that Mr. King and the anti-imperialists base their assertion that a continued the agitators that Senator King and is a plebiscite on the question in Haiti, for as the Americans go forward year taining order and improving living

> 9 Minutes from Downtown

LHIS answers the question "Where to find an apartment, spacious, finely appointed, and in a location forever protected from undesirable encroachment."

An unexampled new co-operative building makes it possible now without large investment, and with small monthly upkeep. This is the new 27 story-5000 East End Avenue Building of five, six, and seven room cooperative apartments.

Its location is virtually in the center of the new South Park Outer Drive Development, created by opening the new Leif Erickson Drive. This boulevard provides 15 minute motor access to the loop, uninterrupted by cross-roads.

In keeping with this new location which is more exclusive than the "Gold Coast" this building sets a new high standard in quality. Its substantial construction of steel and caisson type is matched by the interiors, which embody the finest appointments.

CARROLL SCHENDORF & ROENICKE appointed Co-operative Building fronts on the Lake-has Park on two sides

This new luxuriously

Gothic in a combination of Winona Marble and face brick. Partitions and floors are sound proof, the rooms are all light and

This represents the last word in service and utility, a building every one should see. The present low prices in our opinion will advance materially, due to the absolute impossibility of duplicating this location.

Those interested are invited to inspect the typical apartment layouts. Floor plans and specifications will be mailed on request. Phone Dorchester 1520 or call at 1632 Hyde Park Boulevard.

YOU DON'T BELIEVE that spring is drawing near. Wait a minute; now listen. Hear that sound away up there in the sky? Honk, honk, honk, quack, quack, quack. They're flying north. And when those fellows leave their nice warm home down around the gulf and make a straight nonstop flight for the north-spring's coming. R. H. L.

CHINA TO INDIA ABOUT RUSSIA

Advice from one who knows!

VOICE OF THE PEOPLE

MAINE POR SCENERY. Chicago, March 7.—If the state of Maine should happen to be exchanged for the British West Indies, I am in favor of the United States keeping some of the western and one or two of the perhaps Cumberiand. Those counties comprise some of the loveliest scenery in the northeast, and I think we ought to keep it for ourselves to enjoy.

While on the subject of exchanging real estate: Canada wants the Alaskan

Panhandle, that strip of land and islands on the coast of British Columbia. Perhaps Canada would be interested

THE REAL ESTATE DEAL. Chicago, March 7.—Tour editorial,
"Maine for West Indies," is poor.
Should such a thing happen, the West
Indies would have the worst of the deal.
As they are islands, the Anti-saloon league would have little trouble making them the dryest part of the United States. The colored people there would have the same deal as the colored people in the south. As for the ple in Maine, they would be under Canada. The English caste system doesn't exist there. No trouble from "M'luds and dowager duchesses." The There is no dole line in Canada. The Canadians have their own language and it isn't what you term "frightful Eng-lish accent." However, the geographical position of Maine might force them to learn French. As many of them already use that language, that would be no hardship. Probably if you throw in the Alaskan Panhandle, you might get the West Indies, but I have ma doots.

ple. —I believe it is about time that the city or the gas company should fix the hole in the street in the 1200 block on is free. Don't you think that you had better give Roosevelt road. The gas company did me the name of that book? Tourist Third. will reëstablish this government on the tricity and Chicago has steam power.

The low rate municipal plants died by JOE LOPER

BOND ISSUES. Chicago, March 3 .- "U. S. debt

morning paper says. How much is the city debt being decreased?

Another election approaches and with it comes a flock of propositions for increasing the city debt. This is becoming a regular thing and the eagerness the people show in approving this increase is remarkable. Borrowing money by a private corporation is a different matter for this money becomes a means of profit, but the money borrowed by the city is spent, gone, dissipated. It is like the map who borrows a hundred dol-lars for a new overcoat (with a fur collar). In a few years the coat is worn out and he still owes the hundred dolterest. The city borrows \$20,000,000 for some improvement. In twenty years the improvement is obsolete, the city still owes \$20,000,000 and in addition has paid \$16,000,000 in interest; \$36,000,000

for something it hasn't got.

This process of saddling a debt on people in the distant future, who did not sanction it and who receive no benefit from it, is dishonest. The only proper and honest method of raising money for the city is by direct taxation he gets a proper return for it, but the stealthy, blood sucking vampire run of bond issues will sink local government in a quagmire of extravagance and the mattle for the control of the until finally the people will cry out to-help and the federal government will take charge and we will go back to

THE PRICE OF ELECTRICITE Chicago, March 3.-Mr. Carl D. Thompson had a letter in your Veice the People recently (alleging errors b your editorial on "Cheap Electricity" which should not go unchecked for as

Mr. Thompson of all men must know that Cleveland's municipal electric plan does not supply electricity "at a marmum of 3 cents per kilowatt hour." In old rate schedule included a minima bill of 75 cents a month, which customers who used less than 25 kilowatt hour. per month had to pay. If one used caly 10 kilowatt hours per month, and the were many customers of that class the rate was 7.5 cents per kilowatt host. In January, 1925, a service charge of 8 cents per month was added, correspondingly increasing the rate-making it 10.5 cents per kilowatt hour to month

Mr. Thompson said: "Holyoke, Mas. Also a steam plant, has a maximum res of 4c." He must have known that He-yoke's municipal electric system burs current from the Holyoke Water Power company, which is a hydroelectric plus with only a steam auxiliary. Mr. Thompson disingenuously cited 0a-tario as if all domestic rates there were "as low as those in Cleveland, and is many other cases even lower." Ontario communities have very considerations and the prox unique water power—Niagara Falls Bu Mr. Thompson must have know that is nestic rates range from 7 cents no t tricity generated at Niagara Falls. Analysis of directly compare monthly bills in Chicago and See

municipal plants pay taxes. The Commonwealth Edison company paid last year, in taxes and municipal compensation, nearly \$5,000,000.

Mr. Thompson seemed to imply that
4 cents per kilowatt hour is a low rate. It may be in order to ask him

To the Motoring Public Cook County

TO a rapidly growing sales 1 and service organization in Cook County, the Jordan Motor Car Company now announces the addition of James N. McGregor, in the City of Chicago, at 2240 South Michigan Boulevard.

The Jordan was introduced to the people of Chicago and Cook County twelve years ago.

It has always been a leaderalways a step ahead of the mass.

As Jordan owners have increased in numbers, and have

told others of their satisfaction -Jordan sales have steadily increased year by year.

Today the Jordan is a better car than ever-better in appearance -better in performance-better in comfort-better in every way.

There are two lines—the Custom Six and the Air Line Eight - offering a wide variety of colors and body styles.

Any Jordan dealer listed below will be glad to show you these cars and let you drive them for yourself. That is the real test.

SENATOR FERRIS. **BOOST AL SMITH**

Spurns Re-election; For Walsh of Montana.

Detroit, Mich., March 7 .- [Special. -Senator Woodbridge N. Ferris anneed today he would not be a can-

In a letter to Chairman William littee, the senator also declared that he would not support Gov. Al Smith of New York for presidential miliation, but would do what he can

Mr. Comstock, in his recent letter to Senator Ferris, said that Michigan Democrats "are set on the nomination of Alfred E. Smith." "If Smith is not nominated, th

Democratic party may as well fold up its tents for 1928, and for a generthereafter," Comstock's letter Mr. Ferris' letter said: "You are confident that Michigan Democrats

want Gvo. Smith for their Presidential candidate. I am not the man to embarass them in the slightest de "I admit the vote-getting ability of

Gov. Smith. His attitude toward the stead act I deplore. The fact that Gov. Smith is a Catholic does not influence me in the slightest. I hope and pray that I may have the privilege of supporting Senator Thomas Walsh of Mon-tana."

PEOPLE IN PANIC AS QUAKE ROCKS ITALY AND SICILY

ROME, March 7.—[(P)]—The southern section of Italy and eastern and northern Sicily were rocked by earth-quake shocks at noon today. Throughout the affected area the shocks ranged from ten to forty seconds. One resident was killed and three injured

at Gioja Tauro.

Reggio Carabria was badly shaken and considerable damage was done, with an accompanying panic. Strong tremors were felt throughout the provinces of Basilicata and Calabria, while Messina, on the opposite shore of the straits, the scene of one of the greatest disasters in the history of the country, in 1908, felt the shock more severely than any other place in Sicily.

Police Arrest 400 in Drive on Mafia Band in Sicily

[Chicago Tribune Press Service.]

ROME, March 7.—Coincident with
the sentencing of more than eighty
Maña gangsters by the Termini
Imerese (Sicily) court, where trials
have been going on for several weeks,
Prefect of Police Mori today arrested dreaded Mafia gang which worked in the Sicilian provinces of Agrigento and Caltanisetta. Five hundred carbineers carrier out the roundup of criminal

RENEW UNEMPLOYMENT

Washington, D. C., March 7 .- [Spe cial.)—Democratic senators continued to press the unemployment issue in the senate today when Senator Smoot (Rep., Utah) undertook to substantiate the administration's claim that prosperity prevails.

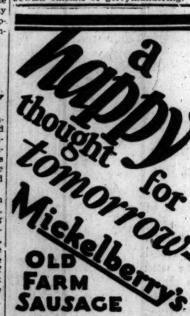

While admitting that some unemployment oviets Senator Smoot in-

ployment exists, Senator Smoot in-sisted that it was nothing like that of 1920 and 1921, when the Republicans came into power after eight years of Democratic administration.
Senator Smoot presented figure drawn from fifty-four lines of industry which he said substantiated his

The Democrats subjected the Utah terrupting him to such an extent that he finally appealed to the chair. Senators Walsh [Mass.], Harrison [Miss.], Gerry [R. I.], and Caraway and Robinson [Ark.] were among the Democrats who gave new impetus to the issue of unemployment raised Mon-day in the debate on the adoption of the resolution of Senator Wagner

Polish Troops Arrest

250 as Pogrom Suspects police, assisted by soldiers, cleaned up Lemberg city today, arresting 250 suspected of participating in yesterday's pogrom. Troops are camping in every public square in Lemberg. Some of those arrested said they were indignant because the Jews won two eighteenth amendment and the Vol-Warsaw, and that they suspec Jewish officials of gerrymandering.

Like Grandmother Mickelberry used to make them in the old plantation days. Flavored with a secret Southern seasoning that inspires digestion. In the familiar green and yellow package. Your dealers sell them.

Has "YELLOW MASK" made you despair of beauty?

Don't resign yourself to the idea that your teeth are naturally yellow. Or that glisten ing white teeth are for others -not for you. All teeth are a beautiful ivory white, yours included. Only a glassy yellow mask obscures the dazzl-

Here's where that unlovely yellowish tinge comes from and here's how to dispel it. In your saliva is a 'liquid cement." It glues to your teeth—then hardens. Foods, coffee and tobacco stain this mask, for it is also an ab-

To rid enamel of this mask your dentisa uses a precious sub-stance known as Tri-Calcium

Phosphate." But only now has dental science found a way to embody this famous cleaning agent in a pleasant, tasty tooth paste. That is why, until now, you have never been able to dislodge that yellow mask.

The name of this new and marvelous dentifrice is ORPHOS Tooth Paste. Often it does in one brushing what others havefailed to do over a period of years. The effects are truly amazing. Yet ORPHOS contains nothing that could do the slightest harm to the softest enamel-no grit, no acid-

So effective is ORPHOS that we give you this guarantee: Buy a tube. Use it 20 days. If by a single chance it fails to whiten, return unused part of tube to your druggist and get your money back. Could anything be fairer?

\$250,000 IN BANK

1924 Deficit Paid; Have Surplus for Campaign.

Washington, D. C., March 7.-[Special.]—Pledges and contributions sufficient not only to wipe out the \$232,-00 deficit from the 1924 campaign but to insure a nest egg of \$250,000 or more for the coming Presidential contest were announced today by Democratic national committee.

Correspondence between Jesse H. Jones of Houston, Tex., director of finance of the committee, and Chairman Clem L. Shaver was made public, disclosing that \$508,500 has recently

The total includes \$200,000 given by citizens of Houston in compliance with their guaranty at the time the mocratic national committee awarded the convention to the Texas city. \$141,250 in Cash.

Mr. Jones not only made good on his personal guaranty to the commitself outside of this amount.

by forty-six persons in amounts ranging from \$250 to \$50,000. Of the amount, \$141,250 has already been paid in cash.

Va., and the other by William F. nny of New York City. John H. by of Hofston gave \$15,000.

Chicagoans Contribute.

Four persons gave \$10,000 each. They were John W. Davis, the party's Presidential nominee in 1924; Frank L. olk of New York City, former und Secretary of state in the Wilson administration; Herbert H. Lehman of New York City, and William A. Julian of Cincinnati. Other \$10,000 contributions were given by Howard Bruce for the state of Maryland, Rogers Caldwell for Tennessee, and Sam W. For dyce for Missouri.

Chicagoans making contributions were Cyrus H. McCormick, who gave \$2,500; Edward N. Hurley, \$2,000; Silas H. Strawn and Melvin A. Tray-

These Radiolas have set the standard for realism in broadcast reception -and simplicity in operation

RCA RADIOLA 17. The "wonder box" that operates from the electric light circuit (110 volt, 60 cycle, A.C.) as simply as an electric fan. Wonderfully balanced sensitivity, selectivity and tone fidelity. Built of the finest tested materials. The entire set self-contained in a fine mahogany cabinet. Equipped with Radiotrons, \$157.50

RCA RADIOLA 30A. The famous RCA super-selective Super-Heterodyne, in combination with RCA Loudspeaker, in a de luxe cabinet. Custom-built. Operation from A. C. or D. C. house current.

RCA LOUDSPEAKER 100A. The best-known loudspeaker in the ry. Ideal to use with Radiola 17. Its range and realism have

Radiola 17 (compact model employing the wonderful new alternating current Radiotrons)-

Radiola 30A (custom-built cabinet instrument with the super-selective RCA Super-Heterodyne)

These are the perfected broadcast receivers that have set the standard in the radio industry.

Radiola 17, when used with an RCA Loudspeaker 100A, provides a simplicity of operation and realism of reproduction that amaze all who listen to it. The new principles employed in designing the "Seventeen" have revolutionized the radio industry.

Radiola 30A is receiver and loudspeaker combined in a fine cabinet, with the famous RCA Super-Heterodyne to provide that degree of super-selectivity so desirable in congested broadcasting areas. RCA Radiolas are the only receivers in which this principle is employed.

Radiola 17. operates directly from the electric light circuit (alternating current). Radiola 30A is built for either alternating or direct current.

There are other Radiolas ranging from \$82.75 to \$895, including the famous Super-Heterodyne in de luxe models. Radiolas may be purchased on the RCA Time Payment Plan from RCA Authorized Dealers.

As a whole, Florida has emerged from the busted boom faster than is generally realized. The Florida state chamber of commerce in a bulletin says Florida banks, on Dec. 31 last, generally realized. The Florida state chamber of commerce in a bulletin says Florida banks, on Dec. 31 last, had in their vaults more cash, in proportion to resources and deposits, than has the banks of any other state. The chamber reports there was never a time during 1926 and 1927 when they had deposits in the Federal Reserve banks of the district of less than \$15,000.000.

Mexican Troops Kill Four Rebel Chiefs, 12 Henchmen A warrant containing the charge was taken out by Commander Philip W. Jordan, commandant of the Fort Lauderdale, Fla., coast guard base, from which the Florida rum blockade to their insurgent followers were killed in various parts of the state of Jalisco, according to reports from army leaders to Gen. Figueroa, military command.

Building Active.

Figures just issued show that last New Year's the capital surplus and undivided profits of the state and na-tional banks totaled \$64,600,000 as against \$38,600,000 on Dec. 31, 1924,

The Chicago Tribune Is the World's Greatest Newspaper

Pioneer

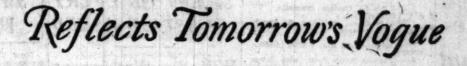

Hudson has pioneered many of the great advancements which make American motor cars the greatest dollar value of any commodity in the world.

It introduced and popularized such body types as the Sedan, Town Car, Speedster and Cabriolet.

It invented the Coach. which turned the entire industry to closed cars.

It invented the exclusive Super-Six principle which is still the industry's ideal of motor smoothness,

It developed the companion invention to the Super - Six principle, which turns waste heat to power. Together they combine the highest known efficiency in power generation and power

Hudson's leadership of mode is but another expression of the value that has been the first principle of Hudson manufacture since the beginning.

The resources, which in a moderate-priced car attained the highest mechanical possibilities of the day, have been brilliantly employed to create and lead a new voque in beauty, comfort and luxurious appointment.

The wealth of quality detail you see, feel and touchand every refinement that surrounds you-is typical and expressive of the quality that Hudson gives where character must guarantee the unseen values.

There is a wide variety of models from which to choose. And in the enthusiastic thousands who are buying them you will find the truly discriminating-those to whom beauty is a necessity, performance a critical demand, and value a clear understanding.

Buyers can pay for cars out of income at lowest available charge for interest, handling and insurance

tention last night to W-G-N's 7 to 8 DEATH CLAIMS ordings, not that this is anything new for it is as old as broadcasting itself.

It was evident great progress has been made. The scratching, characteristic of early day phonograph recording broadcasts, is altogether negli-

To test this, I turned on full power and the loud speaker responded with surprising purity of tone. Over the air the sense of first-handedness was absent, but I wish all radio broadcasts could be depended on to come in with anything like the same purity and clarity of this program. Let us hope that the same advancement been made in phonograph recording will follow in radio transmission.

The weekly New York 8 to 8:30 troubadours program, through W-G-N, was of the popular orchestral type of ear pleasing musical fancies that goes through the air, cheers up the mind for a moment, and perhaps continues by setting the feet adancing. The lonesomeness of Canadian lumberjacks was in mind in this program.

The weekly New York 8:30 to 9:30 program, also through W-G-N, was a bit more diversified, and also a higher grade of music, by a first rate orchestra and excellent mixed voices in solo and ensemble numbers. It was such a program as to furnish a pleasing musical background for either light reading or conversation.

It is with mixed interest when W-G-N's popular Mexican baritone, Flavio Plasenca, attempts something so far afield from his native land as Schubert's "The Erlking," which he did with good grace and Plasencianess in his secital, 9:30 to 10.

Braslau, contraito, and the Musical Art string quartet. Perhaps, also, the brief program by the University of Chicago choir. WLS, at 9 o'clock.

MONKEY UP A TREE EXCITES OLD OAK PARK

Placid Oak Park's calm was shat-

First the Oak Park police were called but neither their cajolings nor their commands could lure Dort down. He just hung by his tail and either grinned or grimaced at them—they couldn't tell which.

couldn't tell which.

Meanwhile, several hundred school children and several hundred adult Oak Parkers gathered under the tree.

Finally the fire department was called. Chief William C. Watters and seven stalwarts responded. After putting up ladders and climbing heffily about the firemen finally placed a pole from the tree into the window of the Wallace home and Dort scurried merrily across and back into his cage.

THE MEN'S STORE CARSON PIRIE SCOTT

THERE there's so much good style-there's certainly good tailoring. The price is high enough to include this—and good fabrics. Yet it's low enough to be in proportion with other moderate expenditures.

Third Floor

A SOCIAL BACKGROUND

That's the birthright of the new Pierce-Arrowand the natural attribute of Pierce-Arrow owners

THERE are in every community certain people to whom a Pierce-Arrow properly belongs.

These people live in the right neighborhood . . . not necessarily the most expensive.

Their homes, like their automobiles, reflect inherent good taste ... culture rather than great wealth.

And that description of the Pierce-Arrow sort of people is the best advertisement for the car itself.

It is emphatically for those who, having a taste for fine things, have learned that it is not an extravagance to gratify that taste.

Twelve custom-built models in the Continental fashion and colorings. From \$2900, at Buffalo.

You may purchase a Fierce-Arrow out of income if you prefer. A simplified financing plan nakes this a most practical procedure. Your present car accepted as eash up to the full amount of its appraisal valuation.

FASHION EXPERTS

who buy for 112 great Department Stores

insist on Lux for their own things

dollars every year are entrusted to these clever women -the department store buyers of frocks and blouses, hosiery, underthings, gloves-the wardrobe of American women.

From the fashion centers of the world -New York, Paris, London-they select the season's most successful styles -the latest things in colors, in fabrics.

More than any other women-because they buy for all women-they must know how lustrous silks and soft woolens and lovely colored cottons will wear—how proper washing will keep them looking like new.

They know how easily every-day things, as well as exquisite flower-like in cities from coast to coast.

MILLIONS and millions of garments, can be spoiled by wrong

methods of cleansing. In 112 of the most important stores in America—doing over three-fourths of all the large department store business*—women buyers told us just how they take care of their very own things. And we discovered that for washing their own silks and woolens-

92% of these experts use Lux.

These fashion authorities, knowing fine fabrics, will take no chances.

They insist upon Lux for their own things-for stockings and gloves and lingerie, negligées, sweaters and frocks. And they buy it in the familiar blue package found, investigations show, in 8 out of 10 representative homes

*Over three-fourths of all the large department store business in the United States is done by the stores of the following 26 cities, where 92% of the buyers interviewed

Lux keeps things new-looking, makes them last far longer! The rich, safe Lux suds cleanse without rubbing — give silks a lovely sheen, keep woolens soft and unshrunken saily colored cot-

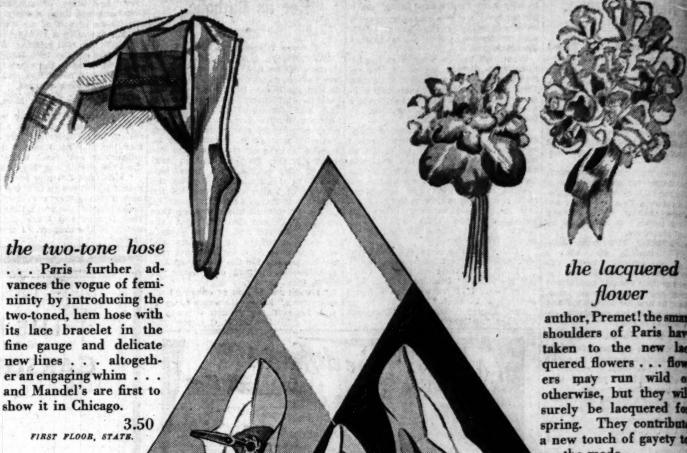

Leading American department stores do a business of 2½ billion dollars annually. Like the great movie studios in Hollywood and the gorgeous musical shows of New York—department store buyers use Lux to keep clothes new-looking twice as long! And millions of women, customers of these very stores, use Lux—to save clothes and save money. Investigations show that 80% to 95% of the women interviewed in the cities listed above are Lux users. in the cities listed above are Lux users.

New York, March 7.—(P)—Johnny
Risko, baker boy heavyweight of
Cleveland, opened his training here today for his heavyweight elimination match of 15 rounds with Jack Sharkey of Boston in Madison Square Garden Monday night.

Risko worked four rounds each with Frankle Lennon and Jesse Baulnight, two light heavyweights who came into town with him this morning from Cleveland.

The Cleveland Rubber Man did five miles of road work this morning and completed the day with two rounds at the heavy bags. He exerted himself little during the workout, scaling 193 pounds when the day was done. Risko is extremely confident of vic-ory. "I'll beat Sharkey and possibly

tory. "I'll beat Sharkey and possibly knock him out," he said. "He can't punch hard enough to hurt me, and I know he can't outbox me. After this fight I'll be in a position to demand a shot at Gene Tunney's title." Sharkey defeated Risko in a match in Boston two years ago

UNION TRUST COMPANY, CHICAGO, TRUSTER

Mr. John J. O'Brien, President of the Company, summarizes his letter, dated March 6, 1928, as follows:

Business and Property Shaffer Oil and Refining Company, incorporated in the State of Delaware May 31, 1919, is a balanced, self-contained unit of the petroleum industry, embracing fully within its own organization complete properties and facilities for the production. refining, transportation and marketing of its products. The Company has a modern, efficient refinery, with a daily capacity of 10,000 barrels, located at Cushing, Oklahoma, and pipe lines and gathering pipe line system totaling 376 miles, and 626 tank cars. Oil leases cover 114,488 acres of oil lands, of which 11,159 acres are developed and on which 569 producing wells yield present daily average production of over 7,500 barrels. The Company has an excellent marketing organization, including 235 bulk stations and 203 service stations in eleven states, distributing its products under the widely known DEEP ROCK trade mark.

Capitalization After giving effect to present financing, outstanding capitalization of Shaffer Oil and Refining Company and subsidiaries will be as follows: Funded Debt-

6% Convertible Gold Notes, due March 1, 1933 (this issue) \$10,000,000 Subsidiary distributing companies' bonds

Stocks-

Convertible Preferred Stock, \$7 Cumulative, without par value..... 50,000 shares Common Stock, without par value.....580,000 shares

Earnings During the three years ended December 31, 1927, net earnings of the Company and subsidiaries, after provision for depreciation and depletion, averaged \$3,062,437 annually, or over 4.37 times the annual interest requirements on total funded debt to be presently outstanding, including this issue of \$10,000,000 6% Convertible Gold Notes, due March 1, 1933. After deducting reserves for depreciation and depletion, net earnings for the year ended December 31, 1927, amounted to \$2,182,355, or more than 3 times such annual interest requirements.

Conversion Privilege These Notes may, at the option of the holder, be converted prior to maturity into Common

Stock, as constituted at the time of conversion, on the basis of two shares of the present class of Common Stock, which is without par value, for each \$100 face value of these 6% Convertible Gold Notes, with adjustment of accrued interest. Any Notes which may be called for redemption before maturity shall be convertible up to thirty days prior to the redemption date.

The average annual net earnings of the Company and subsidiaries, before depreciation and depletion, for the three years ended December 31, 1927, after allowing for the annual interest on these 6% Convertible Gold Notes and for the annual dividend on the Convertible Preferred Stock were equal to approximately \$6.00 per share on the Common Stock outstanding giving effect to the present financing, and after depreciation and depletion were equal to approximately \$3.50 per

Restrictions

The Trust Agreement under which these 6% Convertible Gold Notes will be issued will provide that: (1) Neither the Company nor any subsidiary, as defined in the Trust Agreement, may create any mortgage on its property or any pledge of its assets (except purchasemoney mortgages, mortgages then existing on property hereafter acquired, pledges of current assets to secure loans for not more than twelve months in the ordinary course of business and mortgages or pledges to secure loans for not more than twelve months in the ordinary course of business and mortgages or pledges to secure inter-company indebtedness) without securing these 6% Convertible Gold Notes equally and ratably with the obligations authorized to be issued under such mortgage or secured by such pledge; and (2) Neither the Company nor any such subsidiary may create any additional funded debt, except inter-company indebtedness, and as otherwise permitted in the above provision (1), unless these 6% Convertible Gold Notes shall be secured by mortgage upon the property of the shall be secured by mortgage upon the property of the debtor corporation in priority to any such funded debt.

Purpose of Issue Proceeds from the sale of this issue of \$10,000,000 6% Convertible Gold Notes, due March 1, 1933, and from the sale of Common Stock of the Company, will be used to retire \$13,593,700 funded debt, and to reimburse the Company for expenditures for additions and extensions heretofore and now being made to its properties, and for other corporate purposes.

We offer these notes for delivery when, as and if issued and received by us, subject to approval of our Counsel.

YOUR OWN BROKER

The Chicago Tribune Is the World's Greatest Newspaper

THE production of extreme heat by gas L seems a most natural process; one expects heat of a fuel. But the creation of low temperatures, of actual refrigeration, by this heat producer, seems an unnatural, almost impossible procedure. Yet gas generates both heat and cold with equal facility.

FRIGID ZONE

TORRID ZONE

-Gas Creates Both

Despite the seeming anomaly of the use of gas for this purpose, there is nothing mysterious or complicated about the process. It is just the employment of a simple law of physics. The old, well-known principle of extracting heat by expansion and contraction, thereby generating cold.

The simplifying and development of this process has added another to the many home uses for gas. It has enabled Gas Companies to increase their usefulness to the communities they serve; added 1 their earnings; and done its part toward increasing the great desirability of their stocks and bonds as safe investments.

Substantial Contractors have learned to depend upon our service

\$6,000,000

Iowa Power and Light Company

First Mortgage Gold Bonds Series A, 41/2%, Due March 1, 1958 Price 954 and Interest, Yielding 4.80 Per Cent

The following information is taken from official sourcess

The Company is controlled through the indirect ownership of its common stock by the Des Moines Electric Light Company which is a subsidiary of the Illinois Power and Light Corporation. The Company owns a new, modern steam electric generating station on the Des Moines River, just southeast of the city of Des Moines, together with transmission lines connecting the new power plant with the distribution system of the Des Moines Electric Light Company in Des Moines and with the latter Company's transmission lines running to Oskaloosa and other communities in Central Iowa.

The Company has leased the new power plant and lines for an unexpired term of forty-seven and one-half years to the Des Moines Electric Light Company. The rental paid to the Iowa Power and Light Company is at the fixed rate of 12% per annum of the cost of the new plant and new transmission lines, which is approximately \$6,636,000. This rental may be adjusted at the end of the first thirty years of the term, subject to conservative restrictions in the lease. The terms of the lease provide for monthly rental payments which will constitute an operating charge of the Des Moines Electric Light Company.

The Iowa Power and Light Company also owns and operates a hydro-electric generating station at Adel and the electric distribution systems in a number of smaller communities.

In the opinion of counsel, these bonds are secured by a First Mortgage on the new power station, transmission lines and all other fixed property owned by the company and will be a first mortgage on property hereafter acquired, subject to underlying bonds, if any.

As officially reported for the year ended December 31, 1927, gross earnings from operation of properties other than the new power station and transmission lines were \$290,012; net earnings of these properties were \$139,210 which with the rental of \$790,157 received for the new power station and transmission lines makes a total net income of \$929,367 or more than 3.44 times the annual interest of \$270,000 on

We recommend these bonds for investment and shall be pleased to send a circular describing the issue in detail.

\$1,500,000

100 North La Salle Street Building

Northwest Corner La Salle and Washington Streets (Lawyers Building Corporation) CHICAGO

First Mortgage Leasehold 6% Serial Gold Bonds

Dated January 10, 1928

Due Serially 1932 to 1943

THE NATIONAL BANK OF THE REPUBLIC OF CHICAGO, TRUSTEE

The following information has been summarized by Mr. Charles L. Schwerin, President of the Lawyers Building Corporation, from his letter to us:

SECURITY: The bonds will be the direct obligation of the Lawyers Building Corporation and will be secured by a closed first mortgage on the leasehold estate and the twenty-five story and basement all-steel fireproof constructed store and office building now being erected at 100 North La Salle Street (northwest corner La Salle and Washington Streets), Chicago. The land, fronting 96.6 feet on La Salle Street and 91.2 feet on Washington Street to a ten-foot alley, is leased until April 30, 2027.

The leasehold estate and building at normal occupancy have been appraised by Wm. H. Babcock & Sons, Chicago, at \$2,505,000 and by Frederick S. Oliver, of Oliver & Company, Chicago, at \$2,667,341. The bonds hereby offered on the basis of the average of these appraisals represent approximately a 58% loan.

LOCATION: The property has approximately 187 feet of street frontage: 96.6 feet on La Salle Street and 91.2 feet on Washington Street. This is one of the best corners of the downtown section of Chicago for a high grade store and office building. Within a radius of four blocks are some of the most prominent banks and investment institutions in the country, some of the largest retail stores, and hotels of national prominence. The City Hall and County Building directly across the street, the proximity of the Chicago Title & Trust Company Building, the extensive improvements already completed and under way in the neighborhood and the excellent frontage on La Salle Street, emphasize the importance and desirability of this outstanding location.

EARNINGS: Net annual earnings with building at normal occupancy, and after deducting ground rental, vacancies, maintenance, operation, insurance and real estate taxes, are estimated by Wm. H. Babcock & Sons, Chicago, at \$221,050 and by Frederick S. Oliver, of Oliver & Company, Chicago, at \$287,427.73. The net income based upon the average of these two estimates is over 23/4 times the maximum of the second of these two estimates and the second of these two estimates and the second of these two estimates are second or the second of these two estimates and the second of these two estimates and the second of the se mum annual interest charges on the bonds hereby offered.

BORROWING CORPORATION: The building will be owned by the Lawyers Building Corporation, of which Charles L. Schwerin, who enjoys a national reputation in the field of building enterprise and development, is President. The Buildings Development Company of Chicago will control and manage the property. The projects developed and successfully managed by this company during the past five years have aggregated in cost \$44,233,000, and its officers and directors are substantial and experienced business men.

AMORTIZATION: The trust deed provides for the retirement of principal through semi-annual serial maturities each year from 1932 to 1943 inclusive. The loan at final maturity will represent 39% of the average appraisals.

INVESTIGATE

This Unusual Opportunity to Supply the City of

NEW ORLEANS With NATURAL GAS

Great new Natural Gas fields which have lately been opened in Northeastern Louisiana, together with those already existing in the Monroe field and others likely to be developed within a stone's throw of the City of New Orleans, offer certain assurance that the supply of NATURAL GAS will warrant large investments of capital in piping it to the City of New Orleans from these fields. It is known that other pipe lines are contemplated to carry natural gas from these fields to Mobile, Memphis and St. Louis (a much greater distance than to the City of New Orleans).

The Commission Council of New Orleans believes that conditions indicate that it is practical to bring NATURAL GAS for both domestic and industrial use to the City of New Orleans and it is the determination of this Council that NATURAL GAS be made available for the City of New Orleans.

PROPOSALS INVITED

The City of New Orleans now invites any interested person or interest to make due examinations and investigation to the end that NATURAL GAS may be furnished this city and invites any person or interest to be prepared to make proposals to the Commission Council, through the Commissioner of Public Utilities, at the earliest possible date along the following lines.

1. That Natural Gas may be brought to New Orleans by 2. Natural Gas may be piped to the City, and the City will distribute it to consumers by availing itself of the option granted to the City to purchase the present gas plant and distribution system now in operation, or operating an entirely new distribution system installed by itself; or

tion system installed by itself; or

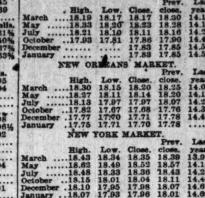

3. Bringing Natural Gas to the City and distributing it through the system of New Orleans Public Service, Inc., after the system of that company has been taken over by the City and transferred to the persons securing the franchise; or

4. Bringing Natural Gas to the City and distributing it to consumers under a contract with New Orleans Public Service, Inc., duly approved by this Council, the distribution to be made through the system of that Company.

The Commission Council has already employed competent and reliable engineers to go over the situation and to make a report to this body on or before April 5, 1928. Proposals should be in the hands of the Commissioner of Public Utilities before

A. J. O'KEEFE, Mayor, CITY OF NEW ORLEANS,

WORLD'S GRAIN

"175 WEST JACKSON"

A Most Advantageous Location

IN THE MOST DESIRABLE part of the Loop, adjacent to the

financial and wholesale districts, the Greater Insurance

Exchange Building offers business men and firms an unusu-

ally distinctive environment. Opposite the Board of Trade, one block from the Federal Reserve Bank and the Illinois

Merchants' Bank, two blocks from the Union League Club

and Post Office, this building is most conveniently located

also as regards transportation. All railroad stations except one are within 10 minutes walking distance, while the Con-

solidated Ticket Offices are on the first floor of the building.

Occupying an entire city block, the Greater Insurance Exchange, is Chicago's largest office building. Of modern construction, 21 stories high, with white glazed terra cotta, white enameled brick. Marble-lined halls, mahogany woodwork. Maximum sunlight and ventilation. Thirty-eight high speed electric elevators. Space is arranged to permit greatest efficiency in single office units from 357 square feet to an entire floor of 28,200 square feet.

Insurance Exchange South, now nearing completion, and several very desirable units in the

present building facing Jackson Boulevard, are ready for immediate occupancy. The new central section will be ready November 1st, 1928.

(Pictures on back page.)

Mme. Ernestine Schumann-Heink, his knowledge of what was what in Mme. Ernestine Schumann-Heink, his calling, and of his realization that they would not be doing business with for more than forty years a prima donna, will make what may be her last Chicago appearance on Palm Sunday, April 1, in a sacred song recital in old St. James Catholic church at Wabash avenue and 29th was a second song recital to the company of th

Wabash avenue and 29th street. Mr. Crane was well known in Chi-Among those sponsoring the concert cago long before he achieved real success in New-York. He was for a year the manager of what was then Hool-thurch, whose history dates back to are to be used in rehabilitating the church, whose history dates back to 1858.

The Rev. Father J. P. O'Donoghue is pastor of St. James, and the executive committee assisting him in the arrangements for the concert is headed by Michael L. Igoe. On the committee with him are Elmer J. Whitty and Henry R. Houle, who are vice chairmen, and Mrs. Walter G. McGuire, chairman of the general committee; Mrs. Geneviewe Wilken, chairman of the patrons' committee; Mrs. John J. Walsh, chairmen of the several other active committees.

Those in charge of the affair point out that it is particularly fitting that what promises to be the great prima donna's last appearance before a Chicago audience, should be with the industry form and most famous of Catholic edifices in the west. For it was a Catholic nun, they say, in the Urseline convent at Prague, where Mms. Schumanni-Heink, at the age of 12, was a pupil, who discovered her remark able voice.

In the days when old St. James parish was in the center of a territory which included the homes of Chi-

In the days when old St. James parish was in the center of a territory which included the homes of Chicago's wealthest and most influential citizens, Mme. Schumann-Heink lived almost within the border of its confines.

Operas in English to Aid Scholarship Fund

The Musical Art Fund society is sponsoring three one act operay—two by Offenbach and at the center of the copening of the Blackstone Theater, in 1911, was neither so good nor so successful: it was called

The Musical Art Fund society is sponsoring three one act operay—two by Offenbach and one by Wolf Ferrari—which will be given in English on March 18 at the Goodman theater, the proceeds to be devoted to the society's scholarships.

Isaac Van Grove will direct the performance and train the casts, which will be comprised of Chicagoans. The membership of the society is made up of Chicago men and women interested in helping artists who have to some degree proven their ability, and its scholarships consist of the type of study or help that the individual artist may need. Rosa Raisa of the Chicago Civic Opera is one of its active sponsors.

Monthly meetings of the society are devoted to the study and analysis of operatic scores. Mrs. Leon M. Wald-Drew and Mrs. Whiffin: that was last

Does your child catch cold easily a simple way to protect his advised by physicians

ing story. Colds head the list of causes. Colds that may lead to serious illnesses—often lasting

Medical experience has proved that there is one great health pro-moter, one effective protection against these frequent colds which lower your child's vitality.

Physicians are using it more and more. Cod-liver oil! They find that good cod-liver oil, taken daily, builds up resistance to colds and other infections.

It helps your child to grow and gain in weight as he should. When he gets it regularly, the under-par, under-weight child "picks up" quickly and puts on flesh; takes on the ruddy color of health.

Passengers Into Austria

Having left behind the sophistica-tions of Paris, Burton Holmes is this week leading his vicarious fellow passengers through the country side and untain passes and peaks of Austria and the Austrian Alpa. He starts tria and the Austrian Alps. He starts at Innsbruck in the Tyrol, on the railroad line that leads down into Italy, and departs thence on a generally westerly course. Since each of his "travel revues" this season comes into contact with some famous person, the acquaintance this week is Maria Jeritza, otherwise and at home, the Baroness Popper who appears in a number of non-operatic guises here and there.

WINNIE WINKLE, THE BREADWINNER: The Passing Show

ENGAGED

Children Often Show a Perception Beyond Their Years

my mail!

"Dear Mrs. Bevans: For some time I have carried your request for graces in suitable for little children in my mind, but did not find time to write. I am glad I did not now, for I can offer another slant of child nature that may interest you and perhaps be helpful to mothers of little boys—or girls like with 1% yards of binding.

mine.

"Our little one is very feminine, but 'Jingle Prayers' offended her taste—they were not 'polite to God.' She was not even intrigued by the bedtime prayer we all love: 'Jesus, gentle Shepherd, hear me.' So her father taught her the following simple grown up prayer to say at table. It seems to have a satisfying and lasting quality the poetic ones lack:

"'Our Father in Heaven, we thank Thee for this food-and Thy great love

Thee for this food-and Thy great love for us. Teach us to be Thy good children. Bless us-keep us. Amen.'"

Can you imagine it-a child having such a conception of dignity and such a sense of fitness as that? As a mother of my acquaintance and her little daughter were leaving school one day, they noticed one of the children starting down the street apparently headed for home, which was a mile away across avenues of heavy

"Does Jane go home alone?" my friend asked in surprise,
"O no," replied her young daughter, her wise mother wouldn't let her do

"Do you think Jane's mother is wise?" queried the interested mother. "Yes, of course. Don't you?" was the answer. And my friend agreed, for that mother was, indeed, the wisest one she

Chapped skin?

-here's a sure way to soothe it

TUST pat on Hinds Cream. In an instant your skin feels cool and soft and smooth and looks it.

But-do you know that you can also prevent chapped skin with Hinds Cream? No matter how raw, how cold, the weather is, your skin will not chap-if you pat on Hinds Honey & Almond Cream before going out. Pat it on, too, when you

come in. At night. Every time you bathe. And your skin will stay smooth-lovely-freshthrough all the bitter weather. For Hinds Cream actually prevents chapping-keeps the skin soft as silk. Hinds Cream ... at every toilet goods counter.

The official forecast for today and tor and yesterday's table of records follow

you'll be late for dinner?"
"Nope," he replied un

Be sure first that you want to get him sack for keeps, Kitty. Just kressing him away from the girl as sort of a triumphal sop to your van-ity would be unsportsmanlike. The smal denouement would then be that sail three were out of friends. However, if there is no engagement between the two and a girl finds after a quarrel and separation that she

quarrel and separation that she can be a separation to see a separation that she can be a separation to see a separation that she can be a separation to see a separation that she can be a separation to see a separation that she can be seen as a separation that she can be s sem till the worst is known, there's ope. And getting the man she really mants is worth every woman's effort.

No use haranguing on the deadli-ness r quarrels, now, is there, Kitty?

If we sen could only learn in their school books that men hate quarrel-ing, lickering, nagging in women worse han infractions of all ten com-mandrients put together, courtship and in arriage would be happier states for all concerned. NEW YORK-[Special Correspondence.]—Still all our garments are en-
